Family Planning and Prenatal Care

County Health Departments: These offer a variety of services including pregnancy tests, counseling, maternity care, WIC Program, immunizations, family planning, some care for babies and children, including services or referral through Children's Medical Program. Contact your local department for a complete list of services.

Community Health Centers: All CHCs offer family medical care; many offer prenatal and well baby care. Contact the center in your area for specifics.

Crisis Pregnancy Centers

CPCs are private organizations offering pregnancy testing and counseling. CPC staff help arrange prenatal care, delivery care and, in some instances, can help secure clothing and housing. Contact local CPC for more information.

Pregnancy and Maternity Counseling

Counseling and referrals for women who need help and guidance in securing a plan for the future. Often finds "host Families or sheparding care/homes."

Licensed Maternity Homes: Maternity homes provide a place away from home for the woman who wants to leave her community for privacy or protection during pregnancy, babies are normally released for adoption. Contact individual homes for more details.

Hospitals with Delivery/Newborn Services: These hospitals provide the physical facilities for labor and childbirth. Type of services offered for complicated pregnancies and births vary. Contact local hospital for specific information about services available.

Licensed Adoption Agencies

Adoption agency services vary, but most offer counseling for the pregnant woman before and after delivery and locate a home for the baby when it's born. They also counsel with the adoptive family before and after placement. Contact individual agencies for specifics.
