The State is able to provide and/or meet all policies, procedures, methods, descriptions, and assurances, found in Sections II.A and II.B of this Application.

(3) The State policy ensures that any child served pursuant to this section has the right, at any time, to receive FAPE (as that term is defined at §303.15) under Part B of the Act instead of early intervention services under Part C of the Act under §303.211.

Section IV

A. System of Payments / Use of Insurance / Program Income

The State

__ X __ does (check as applicable)

_____ does not (check as applicable)

have a system of payments for Part C services under 34 CFR §§303.203(b)(1), 303.500(b), 303.520, and 303.521 which may include use of public benefits or insurance, private insurance or family fees, such as a sliding scale. Any family fees are treated as “program income” for purposes of 2 CFR §200.307(e) and 34 CFR §303.520(e) and are not included in the State's determination of State and local expenditures for purposes of 20 U.S.C. 1437(b)(5)(B) and 34 CFR §303.225(a) and (b). Note: If the State has adopted new or has revised its existing policies and procedures regarding its system of payments, it must submit these new and/or revised policies and procedures under Item 3.a in Section II.A above.

B. Restricted Indirect Cost Rate/Cost Allocation Plan Information

(Note: To be completed if Lead Agency is not a State Educational Agency)

Under 34 CFR §303.225(c), a lead agency may not charge indirect costs to its Part C grant unless the lead agency charges indirect costs through either-- (i) A restricted indirect cost rate that meets the requirements in 34 CFR §§76.560 through 76.569; or (ii) A cost allocation plan that meets the non-supplanting requirements in paragraph (b) of this section and 34 CFR part 76 of EDGAR.

1. If the lead agency is not a State educational agency (as well as any outlying areas that have the Department of Interior as its cognizant Federal agency, even if an SEA) check the applicable status below (more than one check mark may be necessary) and enclose appropriate documentation for this Federal Fiscal Year.

__ X __ The lead agency has a final restricted indirect cost rate or cost allocation plan that has been approved by the State lead agency's cognizant Federal agency and is in effect for this Federal fiscal year (FFY) (ending on June 30, 2018). (Attach a copy of the approved restricted indirect cost rate agreement or cost allocation plan.)

_____ The lead agency has either a provisional or final restricted indirect cost rate or cost allocation plan that expires or expired on __________ and the State is in the process of negotiating a new restricted indirect cost rate agreement or cost allocation plan that will be in effect for the period _________________.³ The State lead agency will continue to charge or bill the Part C grant using the provisional or previously approved final restricted indirect cost rate or cost allocation plan until a new rate or plan is negotiated and approved by the State's cognizant Federal agency, at which point the State lead agency must make appropriate adjustments for applicable FFYs. The State acknowledges that a final restricted indirect cost rate may result in an adjustment of the final audited expenditures allowable to be charged to the Part C grant and the Department's approval of this FFY Part C application with an expired or provisional restricted indirect cost rate does not constitute approval of that rate as the final rate for the lead agency for this FFY. When a final restricted indirect cost rate is approved, the lead agency must submit to OSEP: (1) a copy of the "final" restricted indirect cost rate agreement; and (2) details of adjustments made to past GAPS draw downs in light of the "final" rate. (Attach a copy of the previously approved restricted indirect cost rate agreement or cost allocation plan.)

_____ No indirect costs are charged to the Part C grant. The total amount of the Federal Part C grant is used for allowable direct costs.

³ A "provisional" indirect cost rate is a temporary rate established for a future prospective period of time to permit budgeting, obligations, and payment of funds by awarding agencies until such time as the actual indirect costs can be determined and a final rate is established for the applicable period; provisional rates are subject to adjustment by issuance of a "final" rate based on actual indirect costs incurred for the period (usually the organization's fiscal year).
2. **Check if applicable.**

Under 34 CFR §303.225(c)(3), the lead agency may not charge rent, occupancy, or space maintenance costs directly to the Part C grant, unless those costs are specifically approved in advance by the Secretary. The lead agency is requesting the Secretary’s approval to charge rent, occupancy or space maintenance costs either directly or indirectly to Part C FFY 2017 funds. If checked, the lead agency must attach to this Application a description of the amount to be charged, all uses of the space, and the proposed method of charging.
INTERAGENCY AGREEMENT
Authority: 20 U.S.C. §§ 1401(8); 1412(a)(12)(A)—(C)

Introduction. This is an Interagency Agreement entered into between the State Agencies responsible for the coordination of services for young children with disabilities in Mississippi.

Parties. This Interagency Agreement is made and entered into by and between the Mississippi State Department of Health (MSDH), Lead Agency for Part C of IDEA, and the Mississippi Department of Education (MDE), Lead Agency for Part B of IDEA.

The MSDH has general supervisory responsibility for all Early Intervention Programs (EIP) and early intervention supports and services (EISS) in Mississippi. The MSDH is responsible for ensuring the provision of EISS to infants and toddlers, ages birth through two (2) years, eligible under Part C of IDEA and State law to address their unique developmental needs and to enhance the capacity of their families to address these needs. The Mississippi First Steps Early Intervention Programs (MSFSEIP) supports local District FSEIP in their coordination of local EISS to all eligible infants and toddlers and their families.

The MDE has general supervisory responsibility for all educational programs for children with disabilities ages three (3) through twenty (20) years in Mississippi. The Office of Special Education (OSE) within the MDE supports local schools and public agencies in their efforts to provide effective educational programs to students with disabilities, ages three (3) through twenty (20) years, in need of special education and related services as provided for in Part B of the IDEA and State law.

Purpose. As a condition of receiving Federal funds under Part C of IDEA, 34 CFR §303.209 requires the Lead Agency for Part C to enter into an Interagency Agreement with the State Education Agency (SEA) responsible for Section 619 under Part B of IDEA to address Notification of Transition, Transition from Part C to Part B Services, Confidentiality, Individualized Family Service Plan (IFSP) content, provision of Free Appropriate Public Education (FAPE) at three years of age, and Part B Services in an Individual Education Program (IEP). This Interagency Agreement delineates the specific responsibilities of MDE and MSDH regarding Child Find, the exchange of confidential educational records, transition, evaluation and eligibility determination, developmental/educational placement, development and implementation of service plans, family involvement and supports, financial responsibilities, personnel development, program accountability, and data collection and reporting requirements of IDEA. Additionally, this Interagency Agreement indicates each Agency’s responsibilities related to the terms and processes for enforcing this Agreement including dispute resolution among the parties.

Goal and Guiding Principles. The goal of this Interagency Agreement is to facilitate the development and maintenance of a comprehensive, coordinated system of services for young children with disabilities birth to five years of age and their families. The parties of this Interagency Agreement are committed to (1) the smooth and effective transition from Part C to Part B services for qualifying young children with disabilities; (2) the provision of high quality, individualized supports and services for qualifying young children with disabilities and their
families, as appropriate; (3) the involvement of families as partners in ensuring effective services for young children with disabilities; and (4) the establishment of cooperative agreements to maximize the use of Federal, State, and local resources and to prevent the duplication of efforts.

**Scope of Services.** Both the MDE and the MSDH agree to work collaboratively to ensure compliance with the Child Find responsibilities included in 34 CFR §§ 300.111; 303.301; 303.302, including the identification, location, and evaluation of children eligible for early intervention and/or special education services, early childhood transition, and service delivery requirements of IDEA, the Family Educational Rights and Privacy Act (FERPA), and the Federal reporting requirements of each of these Acts.

### A. Child Find Responsibilities: Location and Identification

**Both MSDH and MDE agree:**

1. To collaborate in Child Find efforts to locate and identify infants, toddlers, and preschool children eligible for Part C early intervention and/or Part B special education services to maximize resources and to prevent duplication of efforts.

2. To involve representatives from State agencies including the MSDH, MDE, Mississippi Department of Human Services (MDHS), Mississippi Department of Mental Health (MDMH), the Division of Medicaid, and other entities engaged in early childhood efforts, including the State Interagency Coordinating Council for Early Intervention (SICC-EI), the State Early Childhood Advisory Council (SECAC) to the Governor, the Head Start Association, and the Bureau of Indian Education, in the planning, development, and/or implementation of statewide public awareness and Child Find efforts to locate and identify infants, toddlers, and preschool children eligible for early intervention and/or early childhood special education services.

3. To ensure primary referral sources conducting screenings (i.e., hospitals, physicians, Head Start/Early Head Start, Health Departments, Family Home Visitation Programs, etc.) are provided resources and/or training materials to make them aware that infants, toddlers, and preschool children birth up to forty-five (45) days (34.5 months) of reaching their third birthday suspected of having a developmental delay, a condition known to result in a developmental delay, or a categorical disability as defined under Part B must be referred to the MSDH Central Referral Unit. Children who are referred less than forty-five (45) days of their third birthday will be referred to the Local Education Agency (LEA) of the child’s residence, with parental consent.

4. To extend Child Find efforts to all places in the community where infants, toddlers, and preschool children may spend the day (e.g., homes, family home provider care, preschools, child care centers, assisted living facilities, or shelters).

5. That potentially eligible for Part B special education and related services will be defined as toddlers who are twenty-seven (27) months of age or older in the MFSEIP with an active status and an implemented IFSP.
MSDH agrees:

6. To coordinate, plan, and implement Child Find efforts to identify and locate infants and toddlers with a developmental delay or a condition known to result in a developmental delay from birth up to forty-five (45) days of the toddler reaching his/her third birthday (i.e., 34.5 months).

7. To accept all referrals through the Central Referral Unit of infants and toddlers from birth up to forty-five (45) days of reaching his/her third birthday (i.e., 34.5 months) who are suspected of having a developmental delay or a condition known to result in a developmental delay.

8. For each infant and toddler eligible for Part C services and potentially eligible for Part B services, to notify the SEA and the LEA of residence not fewer than ninety (90) days prior to the child’s third birthday that the child will reach the age of potential eligibility for services under Part B of IDEA.

9. For each child referred less than forty-five (45) days before the child’s third birthday (i.e., over 34.5 months) who may possibly be eligible for preschool services under Part B of IDEA, to notify the SEA and the LEA in the area where the child resides, with written parental consent to release personally identifiable information, which includes the child’s name, the child’s date of birth, the parent’s name, and the parent’s contact information. Part C is not required to conduct an evaluation, assessment, or an initial IFSP meeting under these circumstances.

10. To refer infants and toddlers actively served in the MSFSEIP under Part C of IDEA who are potentially eligible for Part B services to the LEA of residence.

   a. For each toddler twenty-seven (27) months of age, who is eligible for and is actively receiving Part C services, the assigned Service Coordinator will notify the Special Education Director of the LEA of residence in writing within a month from the date the child turns twenty-seven (27) months of age, that the child is potentially eligible for Part B services.

   b. For toddlers determined eligible for EISSL under Part C more than forty-five (45) days but less than ninety (90) days before that toddler’s third birthday who may be potentially eligible for preschool services under Part B, the MSDH Service Coordinator, as soon as possible after determining the child’s eligibility for Part C, notifies the SEA and the LEA where the toddler resides that the toddler is a toddler with a disability and on his or her third birthday will reach the age of eligibility for services under Part B. The MSFSEIP has procedures that a child will be referred to the SEA and LEA of residence within ten (10) business days of being determined eligible for EISSL and who also may potentially be eligible for Part B services.
c. For each toddler older than twenty-seven (27) months, who is eligible for and actively receiving Part C services and has transferred within the State to a new school district, the newly assigned Service Coordinator will notify the new LEA of residence in writing not fewer than ninety (90) days prior to the child’s third birthday, unless notified of the child’s transfer when the child is less than ninety (90) days from turning three years old. The MSFSEIP includes in its procedures that a child will be referred to the new LEA of residence within ten (10) business days of receipt of verification of a toddler’s change in residence.

**MDE agrees:**

11. To bear the ultimate responsibility for the statewide coordination, planning and implementation of Child Find efforts related to the identification and location of children with disabilities from birth through twenty-one (21) years of age.

12. To accept all referrals of children referred less than forty-five (45) days before their third birthday and older (i.e., over 34.5 months) through the LEA of residence or other appropriate programs.

13. To ensure each LEA is informed of their obligation to notify the MSFSEIP Central Referral Unit of any infant or toddler from birth up to forty-five (45) days of reaching their third birthday (i.e., 34.5 months) who has been identified through Child Find activities or for whom a request for an evaluation has been received as soon as possible, but no later than two calendar days or 48 hours after the identification or receipt of the request.

**B. Data Sharing**

Both MSDH and MDE agree:

1. To abide by the requirements of IDEA Part B and C and Family Educational Rights and Privacy Act (FERPA) in collecting, recording, storing, sharing, and destroying personally identifiable information.

2. To complete a request for information form when seeking any personally identifiable information beyond that allowed to be shared for notification purposes without parental consent.

3. To collaborate to resolve differences in records sharing including determining reasons for non-matching files and reconciling issues when possible.

**MSDH agrees:**

4. To be responsible for ensuring Service Coordinators notify the LEA of residence about all infants and toddlers who are served in the MSFSEIP under Part C of IDEA who are potentially eligible for Part B services using timelines given in section A.
a. Written notification will be sent from the Service Coordinator to the Special Education Director of the LEA of the child’s residence.

b. Personally identifiable information to be included in the notification shall be limited to the child’s name, date of birth, parent’s name, and parent’s contact information. The notification will also include the Service Coordinator’s name and contact information.

c. This notification will not require parental consent for release.

5. To be responsible for ensuring the MSDH Central Office notifies the MDE OSE about all infants and toddlers who are served in the MSFSEIP under Part C of IDEA who are potentially eligible for Part B services.

a. Electronic records from the First Steps Information System (FSIS) will be sent daily to the MDE Office of Special Education, Bureau of Fiscal Services or all toddlers with active status in FSIS no later than seven (7) calendar days after each toddler reaches twenty-seven (27) months of age or as soon as possible afterwards.

b. Personally identifiable information to be included in the notification shall be limited to the child’s name, date of birth, parent’s name, and parent’s contact information. The notification will also include the Service Coordinator’s name and contact information and the code for the LEA to which the notification letter was mailed and the date the letter was mailed.

c. This notification will not require parental consent for release.

6. To ensure Service Coordinators transmit a copy of the requested Part C records to the Special Education Director of the requesting LEA in a timely manner for which (a) a written request for records has been received and (b) written parental consent has been given to share the records requested including:

a. Family assessment and developmental history;

b. Evaluation reports and assessment information collected as required in Part C regulations at 34 C.F.R. § 303.321;

c. Individualized Family Service Plans;

d. Progress notes from service providers, if available; and

e. Pertinent medical records which have become part of the education record and are thereby protected by FERPA.
MDE agrees:

7. To receive electronic files sent daily from the MSDH FSIS to the MDE OSE, Bureau of Fiscal Services for all toddlers who are potentially eligible for Part B services.

8. To run a matching procedure weekly against the MSDH submitted file and the Mississippi Student Information System (MSIS) to ensure eligible children transitioning from Part C to Part B receive special education and related services by age three (3).

9. To provide reports to school districts which identify non-matching files between the MSDH daily file and MSIS.

C. Specific Roles, Responsibilities, & Process for Transition

Both MSDH and MDE agree:

1. To share joint responsibility for the coordination, planning and implementation of efforts related to the smooth and effective transition of children with disabilities from Part C early intervention services to Part B special education services.

2. To discuss at the transition conference any services to which the child may receive under Part B. The transition conference may include revisions and/or updates to the steps and services contained within the transition plan to ensure a smooth and effective transition process.

MSDH agrees:

Transition Conference:

3. To ensure that a transition conference is scheduled for each child served under Part C of IDEA and who is potentially eligible for preschool services under Part B of IDEA, the Part C Service Coordinator, with the approval of the family of the toddler, convenes a transition conference among the lead agency, the family, and the LEA of residence, not fewer than ninety (90) days and, at the discretion of all parties to the conference, not more than nine (9) months, before the toddler’s third birthday to discuss any services the toddler may receive under Part B of IDEA.

4. To ensure the transition conference is conducted in settings and at times that is convenient for the family, and in the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so. The meeting arrangements must be made with the family, and prior written notice provided to the family and other participants at least five (5) business days before the meeting date to ensure they will be able to attend.
5. To ensure the transition conference includes: (a) the parent or parents of the child; (b) other family members, as requested by the parent, if feasible to do so; (c) an advocate or person outside of the family, as requested by the parent; (d) the child’s Service Coordinator; (e) a person or persons directly involved in conducting the evaluations and assessments for Part C; and (f) a person or persons who are and/or will be providing EI/SS to the child or family, as appropriate. If a person directly involved in conducting the evaluations and assessments is unable to attend the meeting, the Service Coordinator must arrange for the person’s involvement through other means, which may include their participating in a phone conference call, sending a knowledgeable representative to attend the conference, or making pertinent records available at the meeting.

6. To ensure the parent receives a full explanation of any steps and services discussed during the transition conference and prior written consent is obtained prior to implementation of the steps and services written in the transition plan.

7. To ensure the transition conference or meeting conducted to discuss Part B services and the meeting to develop the transition plan, which may be combined into one meeting, meets the requirements of sections C.3., C.4., C.5., and C.6.

**Transition Plan:**

8. To ensure that for each toddler with a disability, the Service Coordinator reviews the program options for the toddler after the toddler’s third birthday.

9. To ensure that the family of the toddler with a disability who is receiving EI/SS is included in the development of the transition plan.

10. To ensure the transition plan is established in the IFSP not fewer than ninety (90) days, and at the discretion of all parties, not more than nine (9) months, before the toddler’s third birthday.

11. To ensure the transition plan in the IFSP includes, as appropriate, the steps for the toddler with a disability and his or her family to exit from Part C program and any transition services that the IFSP team identifies as needed by that toddler and his or her family to support the smooth transition of the toddler to preschool services under Part B, if appropriate, or other appropriate services. The steps must include:

   a. Discussions with, and training of, parents, as appropriate, regarding future placements and other matters related to the toddler’s transition;

   b. Procedures to prepare the toddler for changes in service delivery, including steps to help the toddler adjust to, and function in, a new setting;

   c. Confirmation that child find information about the toddler has been transmitted to the LEA of residence or other relevant agency;
d. Identification of transition services and other activities that the IFSP team determines are necessary to support the transition of the toddler and his/her family; and

e. Confirmation that Part C has transmitted, with parental consent and a written request for information, any additional information including the most recent evaluation, assessment, and IFSP to the LEA of residence or other relevant agency.

12. To ensure that the meeting to develop the transition plan is conducted in settings and at times that is convenient for the family, and in the native language of the family or other mode of communication used by the family, unless it is clearly not feasible to do so. The meeting arrangements must be made with the family, and a written notice provided to the family and other participants at least five (5) business days before the meeting date to ensure they will be able to attend.

13. To ensure the meeting to develop the transition plan includes: (a) the parent or parents of the child; (b) other family members, as requested by the parent, if feasible to do so; (c) an advocate or person outside of the family, as requested by the parent; (d) the child’s Service Coordinator; (e) a person or persons directly involved in conducting the evaluations and assessments; and (f) a person or persons who are and/or will be providing EI/SS to the child and family, as appropriate. If a person directly involved in conducting the evaluations and assessments is unable to attend the meeting, the Service Coordinator must arrange for the person’s involvement through other means, which may include their participating in a phone conference call, sending a knowledgeable representative to attend the conference, or making pertinent records available at the meeting.

14. To ensure the parent receives a full explanation of any steps and services discussed during the transition conference and meeting to develop the transition plan and prior written consent is obtained prior to implementation of the steps and services written in the transition plan.

15. To ensure the transition conference conducted to discuss Part B services and the meeting to develop the transition plan, which may be combined into one meeting, meets the requirements in sections C.12., C.13., and C.14.

MDE agrees:

16. To ensure representatives of LEAs actively participate in the transition conference, as invited, for each child who is served under Part C of IDEA and who is potentially eligible for Part B services and provide the parent with a copy of the Part B Procedural Safeguards.

17. To ensure representatives of the LEAs provide input on and assist the Service Coordinator with the implementation of the transition plan, detailing steps and
services including any transition education and follow-up activities to ensure a smooth and effective transition.

D. Child Find Responsibilities: Evaluation

Both MSDH and MDE agree:

1. To support LEAs and District FSEIP in the development of agreements at the local level regarding coordination of evaluations.

2. To facilitate personnel evaluating children with disabilities under each program to maximize resources by scheduling evaluations to determine eligibility jointly and simultaneously for the Part C and Part B programs for infants and toddlers between the ages of thirty-three (33) months to thirty-four (34) months and fifteen (15) days, when appropriate and feasible. This statement is intended to support collaboration and reduction in duplication of expenses; however, it should not be construed to mean the MSDH or MFSEIP assume any fiscal responsibility for the provision of the comprehensive evaluation to determine eligibility for Part B services which will remain the sole responsibility of the LEA of residence.

3. To facilitate joint evaluations and assessments through the adoption of shared assessment and evaluation forms between the Part C and Part B programs as mutually agreed, where appropriate and feasible. This statement is intended to support collaboration and reduction in duplication of expenses; however, it should not be construed to mean the MSDH or MSFSEIP or LEAs are mandated to use any specific forms not required by the policies and procedures of their respective agency.

MSDH agrees:

4. To be responsible for ensuring Service Coordinators notify the Special Education Director of the LEA of residence about evaluations to determine initial or continued eligibility under Part C of IDEA for children between the ages of thirty-three (33) months to thirty-four (34) months and fifteen (15) days of age to facilitate joint evaluations, when appropriate and feasible.

5. None of the provisions of this Agreement are intended to create, nor shall they be construed to create an agency, partnership, joint venture or employer/employee relationship between the MDE and the MSDH.
