Overview

Fifty-nine home health agencies responded to the 2008 survey; 39 free-standing, 11 hospital-based, and 9 health department home health agencies.

Riley Home Health and Wesley Medical Center Home Health Care changed from hospital based to free-standing during 2008. Metro Home Health Agency in Public Health District V closed. Sta-home Health Agency of Natchez is inactive.

Table I shows that 42% of home health agencies reported non-profit status. Approximately 53% of the agencies were controlled by corporations, 15.2% were controlled by state government, local government and other, the remaining were controlled by sole proprietorship and partnership.

Referrals by type of home health agency are shown in Table II. Of the 85,302 total referrals, 72,776 or 85% were accepted. Reasons for denied service are shown in Table II. Besides the category 'other', not meeting home health service eligibility was the main reason patients were denied service. Most referrals, 88%, were from physicians and hospitals.

For this report, data from hospital-based home health agencies are shown in tables ending in an A, health department home health agencies are shown in tables ending in a B, free-standing home health agencies are shown in tables ending in a C, and tables ending in a D represent state totals.

Home Health Agency shall mean a public or privately owned agency or organization, or a subdivision of such an agency or organization, properly authorized to conduct business in Mississippi, which is primarily engaged in providing to individuals at the written direction of a licensed physician, in the individual's place of residence, skilled nursing services provided by or under the supervision of a Registered Nurse licensed to practice in Mississippi, and one or more of the following part-time or intermittent services or items:

- d. other services as approved by the licensing agency
- e. medical supplies, other than drugs and biologicals, and the use of medical appliances
- f. medical services provided by a resident in training at a hospital under a teaching program of such hospital.

Parent Home Health Agency shall mean the agency that develops and maintains administrative control of sub-units and/or branches.

Patient's Residence shall mean the place where the patient makes his home, such as his own apartment or house, a relative's home but shall not include a hospital, nursing home or other extended care facility with the exception of services provided through outpatient therapy in a nursing home.

Skilled Nursing Services shall mean patient care services pertaining to the curative, restorative, and preventive aspects of nursing performed by or under the supervision of a registered nurse pursuant to the plan of treatment established in consultation with appropriate members of the care team. Skilled nursing service is nursing care emphasizing a high level of nursing direction, observation and skill.

* If one person is admitted and served on two different occasions, that would count as two patients served. If the patient receives two or more services, he would be counted in each service rendered but would only be counted once in 'total' regardless of the number of services received. 'Total' is not a cumulative total of the service categories.

If the patient receives two or more services, he would be counted in each service rendered but would only be counted once in 'total' regardless of the number of services received. 'Total' is not a cumulative total of the service categories.
