

MORHPC VOL. 1 MONTHLY

The Mississippi Office of Rural Health and Primary Care Monthly Bulletin, MORHPC Monthly, aims to build community, foster communication and collaboration, reduce communication overload, and amplify MORHPC's voice.

Our bulletin will cover various topics, including external and internal outreach events, community efforts, grant opportunities, agency news, internal changes, and more.

MORHPC MONTHLY

FEBRUARY SPOTLIGHT

CHAMP

MORHPC would like to highlight a free consult service, **Child Access to Mental Health and Psychiatry, known as CHAMP.**

CHAMP is a consultation and educational service for pediatric primary care providers in Mississippi to provide free and same-day telephone consultations to pediatric primary care providers in Mississippi. These consultations are offered with an educational focus and are performed primarily by UMMC child psychiatrists and child psychologists.

Free consult line for primary care providers

Call **601.984.2080** to consult with a UMMC child psychiatrist or child psychologist for mental health issues regarding ADHD, anxiety, depression and other emotional or behavioral health concerns for children age 21 and under.

- ✓ Diagnostic clarification
- ✓ Medication consultation
- ✓ Resources and referrals

Families as Allies

Our partner organization, Families as Allies also provides support for:

- ✓ Families, including school issues
- ✓ Professionals in family partnerships
- ✓ Coordinating systems of care to better respond to children

Consult line: 601.984.2080
9 am – 5 pm, Mon – Fri

american
HEART
month

let's celebrate!

AMERICAN HEART MONTH

American Heart Month acknowledges the importance of the ongoing fight against **cardiovascular disease** in the United States and brings greater attention to heart disease as a leading cause of death for Americans.

You are all invited to celebrate by participating in **National Wear Red Day** on February 2, 2024.
